You have been added to the UNIVERSITY-OF-ARKANSAS-CYBERCOMMUNICATIONS mailing list (Cyber-communication research mailing list) by Nitin Agarwal <nxagarwal@UALR.EDU>.

Please save this message for future reference, especially if this is the first time you are subscribing to an electronic mailing list. If you ever need to leave the list, then you will find the necessary instructions below. Perhaps more importantly, saving a copy of this message (and of all future subscription notices from other mailing lists) in a special mail folder will give you instant access to the list of mailing lists to which you are subscribed. This may prove useful the next time you go on vacation and need to leave the lists temporarily to avoid filling up your mailbox while you are away. You should also save the welcome messages from the list owners that you may receive after subscribing to a new list.

To send a message to all of the people currently subscribed to the list, just send mail to UNIVERSITY-OF-ARKANSAS-CYBERCOMMUNICATIONS@UALR.EDU,
which is called the list address. You must never try to send any command to that address, as it would be distributed to all the people who have subscribed. All commands must be sent to LISTSERV@UALR.EDU, which is the LISTSERV address. It is important to understand the difference between the two.

You may leave the list at any time by sending a "SIGNOFF UNIVERSITY-OF-ARKANSAS-CYBERCOMMUNICATIONS" command to LISTSERV@UALR.EDU.
You can also tell LISTSERV how you want it to confirm the receipt of messages you send to the list. To send yourself a copy of your own messages, send a "SET UNIVERSITY-OF-ARKANSAS-CYBERCOMMUNICATIONS REPRO"
command. Alternatively, to have LISTSERV send you a short acknowledgement instead of the entire message, send a "SET UNIVERSITY-OF-ARKANSAS-CYBERCOMMUNICATIONS ACK NOREPRO" command. Finally, you can turn off acknowledgements completely with the "SET UNIVERSITY-OF-ARKANSAS-CYBERCOMMUNICATIONS NOACK NOREPRO" command.

Note: Subscription settings and preferences can also be set using LISTSERV's Web Interface. For more information on using commands or on using the Web Interface to set your subscription settings, see the List Subscriber's Manual at http://www.lsoft.com/resources/manuals.asp.

This list is available in digest form. If you wish to receive the digested version of the postings, then issue a "SET UNIVERSITY-OF-ARKANSAS-CYBERCOMMUNICATIONS DIGEST" command.

Please note that it is presently possible for other people to determine that you are signed up to the list through the use of the "REVIEW"
command, which returns the email address and name of all the subscribers.

If you do not want your name to be visible, then just issue a "SET UNIVERSITY-OF-ARKANSAS-CYBERCOMMUNICATIONS CONCEAL" command.

More information on LISTSERV commands can be found in the LISTSERV reference card, which you can retrieve by sending an "INFO REFCARD"
command to LISTSERV@UALR.EDU.
